

Dr. RAJENDRA ACHYUT BADWE, MBBS, MS (Gen. Surgery)

Dr. Rajendra Badwe, currently, Director, Tata Memorial Centre, has more than 28 years of diverse experience as a Surgeon and Oncologist, and as Director, has lead Tata Memorial Centre, a world renowned institution in the field of cancer care. He is an international opinion leader in oncology, developing breast cancer care strategies, innovative research, integrating delivery systems, improving quality and cancer management programs and capacity building of staff on cancer care delivery strategy and practice issues. His significant accomplishments in leadership in cancer care are a testimony to his role as a mentor in developing the cancer care strategy for Government of India and WHO. His pioneering work on 'Timing of Surgery for Breast Cancer' has induced a paradigm shift towards importance of events at the time of surgery. He is a frequent traveler and speaker in no. of national and international meetings and has more than 167 publications to his credit. He is recipient of prestigious national awards, honours and gold medals.

Dr Badwe is nationally & internationally renowned & has won several awards in recognition of his stellar contributions to cancer care. He was conferred the Padma Shri by the President of India and the Lal Bahadur Shastri National Award for Excellence in Public Administration, Academics & Management, both in 2013. His international recognition includes prestigious awards from the National Cancer Institute, US & the Union for International Cancer Control (UICC) amongst others. Under his stewardship, the TMC had the honour of plenary session presentations at the American Society of Clinical Oncology (ASCO) annual meeting in two out of three years in the last decade, a feat that very few cancer centres in the world have achieved.
